

Dear Clients and Family Members 😊

Thank you for continuing to trust us to serve you and your family members during these unusual times. Here at Coastal Center, we continue to follow the CDC's guidelines and revise our own policies and procedures designed to keep you and our staff safe during the CoVid-19 pandemic.

As such, we will continue to provide telehealth services as long as state and federal permissions exist.

For those clients choosing to visit our office and we welcome everyone who wants to come in, we'd like you to keep a few things in mind when arriving for an appointment:

- Our play area is closed for the foreseeable future. Please keep that in mind if younger children must accompany you during the visit. When possible, please minimize the number of people accompanying clients to appointments.
- Reading materials have also been cleared from the waiting area.
- If you have had **ANY** symptoms of sickness (cough, fever, other symptoms or been in contact with anyone who has had similar symptoms) within the last 24 hours please call our office and reschedule your appointment.
- Seating is very limited to insure we are upholding physical distancing.
- CDC approved disinfection techniques are conducted on a daily and weekly basis.

Thank you!
